It is intimated that the photos, ID cards and signatures have been wrongly uploaded by us. Means we have uploaded Id card in the photo tab, uploaded photo in the Signature tab and uploaded signature in the ID card tab.

We tried to change it but it can not be done from our side.

We are sending an Excel file to you with a list of 07 personnel (with their photo, signature and ID card) whose photos, signatures and ID Cards have been interchanged (wrongly uploaded).

So you are requested to please correctly upload the documents of the 07 personnel.
We will be highly grateful to you.

Dear Sir

Please find below points observed during payment processing in NIELIT payment portal.

The below issues require immediate technical review and rectification to ensure proper visibility of payment records, retrieval of transaction history, and download of BCAS-signed tax invoices for compliance and audit purposes.

NIELIT Portal Issues Observed:

Reports Tab
Successful Payments Report – Not Working

- No records are visible under the **Successful Payments** report despite successful completion of payment transactions.

Queries Tab
Successful NEFT/RTGS Transactions – Not Working

- The report displays successful NEFT/RTGS transaction records only for the period **2014 to 2018**.
- Recent transaction records are not available, indicating that the report is not functioning as intended.

Master Tab
BCAS Signed Tax Invoice Download – Not Working

- Users are unable to download the **BCAS-signed Tax Invoice** even after successful payment against the corresponding Proforma Invoice.
- The system does not provide access to the signed invoice post-payment completion.
- Kindly add “HDFC Corporate” through net banking in payment page.

The above is for your submission please.
